How to Write a Critical Book Review A book review is more than a book report or summary of a book's contents. A review is a critical essay evaluating the merits of an academic work. Its purpose is not to prove that you read the book—which is understood as a given—but to show that you can think critically about what you've read.

Writing A Critical Review Essay Sample Critical review template: what is it and how to write it. A critical review refers to the evaluation of an academic text (for example a book, report, article or essay). A critical review requires you to make judgments (using various criteria), about a book, a chapter, or a journal article.

Provides guidelines and examples for handling research, outlining, spelling, punctuation, formatting, and documentation.

The Wind in the Willows is a classic of children's literature by Kenneth Grahame, first published in 1908. Alternately slow moving and fast paced, it focuses on four anthropomorphised animal characters in a pastoral version of England. The novel is notable for its mixture of mysticism, adventure, morality, and camaraderie.

'A comprehensive, well-written and beautifully organized book on publishing articles in the humanities and social sciences that will help its readers write forward with a first-rate guide as good company.' - Joan Bolker, author of Writing Your Dissertation in Fifteen Minutes a Day 'Humorous, direct, authentic ... a seamless weave of experience, anecdote, and research.' - Kathleen McHugh, professor and director of the UCLA Center for the Study of Women Wendy Laura Belcher's Writing Your Journal Article in Twelve Weeks: A Guide to Academic Publishing Success is a revolutionary approach to enabling academic authors to overcome their anxieties and produce the publications that are essential to succeeding in their fields. Each week, readers learn a particular feature of strong articles and work on revising theirs accordingly. At the end of twelve weeks, they send their article to a journal. This invaluable resource is the only guide that focuses specifically on publishing humanities and social science journal articles.

With roots in eugenics and other social-control programs, modern American environmentalism is not always as progressive as we would like to think. In The Ecological Other, Sarah Jaquette Ray examines the ways in which environmentalism can create social injustice through discourses of the body. Ray investigates three categories of ecological otherness: people with disabilities, immigrants, and Native Americans. Extending recent work in environmental justice ecocriticism, Ray argues that the expression of environmental disgust toward certain kinds of bodies draws problematic lines between ecological "subjects"—those who are good for and belong in nature—and ecological "others"—those who are threats to or out of place in nature. Ultimately, The Ecological Other urges us to be more critical of how we use nature as a tool of social control and to be careful about the ways in which we construct our arguments to ensure its protection. The book challenges long-standing assumptions in environmentalism and will be of interest to those in environmental literature and history, American studies, disability studies, and Native American studies, as well as anyone concerned with issues of environmental justice.

Women brewed and sold most of the ale consumed in medieval England, but after 1350, men slowly took over the trade. By 1600, most brewers in London were male, and men also dominated the trade in many towns and villages. This book asks how, when, and why brewing ceased to be women's work and instead became a job for men. Employing a wide variety of sources and methods, Bennett vividly describes how brewsters (that is, female brewers) gradually left the trade. She also offers a compelling account of the endurance of patriarchy during this time of dramatic change.

A young bird, safe in its nest, debates whether or not to risk trying its wings.

This Second Edition of Diana Ridley's bestselling guide to the literature review outlines practical strategies for reading and note taking, and guides the reader on how to conduct a systematic search of the available literature, and uses cases and examples throughout to demonstrate best practice in writing and presenting the review. New to this edition are examples drawn from a wide range of disciplines, a new chapter on conducting a systematic review, increased coverage of issues of evaluating quality and conducting reviews using online sources and online literature and enhanced guidance in dealing with copyright and permissions issues.

Draws on personal correspondence and period diaries to present a history of the American Revolution that includes the siege of Boston, the American defeat at Brooklyn, the retreat across New Jersey, and the American victory at Trenton.

One of the 20th Century's most beloved novels is still winning hearts! *I Capture the Castle* tells the story of seventeen-year-old Cassandra and her family, who live in not-so-genteel poverty in a ramshackle old English castle. Here she strives, over six turbulent months, to hone her writing skills. She fills three notebooks with sharply funny yet poignant entries. Her journals candidly chronicle the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has "captured the castle"-- and the heart of the reader-- in one of literature's most enchanting entertainments. "This book has one of the most charismatic narrators I've ever met." -- J.K. Rowling, author of the Harry Potter series
