memorable black-sand beaches, religious systems, the KwÉyòl language business, high-school learning remembrances, a touch of Kalinago sensibility and, American song selections on Caribbean radio in the 70s and 80s. The text leaps to record seven years of Dominican Calypso lyrics, contributing in the process to archiving an island's history. Calypso Drift implores us to listen again to warnings of our song-poets. This is a book for lovers of Calypso globally, one for culture enthusiasts. Those embracing entertainment education, history and the arts in general should find its methods provocative. Students in the natural and social sciences can comfortably uncover themselves herein. And most of all, musicians, song-writers, composers and performers of Calypso find space in its consuming fire. Drift, globality is inside!

Noted teachers and scholars William J. Duiker and Jackson J. Spielvogel present a balanced, highly readable overview of world history that explores common challenges and experiences of the human past and identifies key patterns over time. Thorough coverage of political, economic, social, religious, intellectual, cultural, and military history is integrated into a chronological framework to help students gain an appreciation and understanding of the distinctive character and development of individual cultures in society. This approach, with organization around seven major themes (Science and Technology, Art and Ideas, Family and Society, Politics and Government, Earth and the Environment, Religion and Philosophy, and Interaction and Exchange), helps students link events together in a broad comparative and global framework, thereby placing the contemporary world in a more meaningful historical

author of *The Struggle for Pakistan* "With judicious use of empirical evidence and rich case studies, Ahsan I. Butt makes a compelling case that states' responses to secessionist movements turn to a considerable degree on their external security environments." S. Paul Kapur, author of *Jihad as Grand Strategy In Secession and Security*, Ahsan I. Butt argues that states, rather than separatists, determine whether a secessionist struggle will be peaceful, violent, or genocidal. He investigates the strategies, ranging from negotiated concessions to large-scale repression, adopted by states in response to separatist movements. Variations in the external security environment, Butt argues, influenced the leaders of the Ottoman Empire to use peaceful concessions against Armenians in 1908 but escalated to genocide against the same community in 1915; caused Israel to reject a Palestinian state in the 1990s; and shaped peaceful splits in Czechoslovakia in 1993 and the Norway-Sweden union in 1905. Using more than one hundred interviews and extensive archival data, Butt focuses on two main cases—Pakistani reactions to Bengali and Baloch demands for independence in the 1970s and India's responses to secessionist movements in Kashmir, Punjab, and Assam in the 1980s and 1990s. Butt's deep historical approach to his subject will appeal to policymakers and observers interested in the last five decades of geopolitics in South Asia, the contemporary Israeli-Palestinian conflict, and ethno-national conflict, separatism, and nationalism more generally.

This book examines the role of Russian and Serbian nationalism in different modes of

Download Free Chapter 24 Nationalist Revolutions Sweep The West

dissolution of the Soviet Union and Yugoslavia in 1991. Why did Russia's elites agree to the dissolution of the Soviet Union along the borders of Soviet republics, leaving twenty-five million Russians outside of Russia? Conversely, why did Serbia's elite succeed in mobilizing Serbs in Croatia and Bosnia for the nationalist cause? Combining a Weberian emphasis on interpretive understanding and counterfactual analysis with theories of nationalism, Veljko Vujčić highlights the role of historical legacies, national myths, collective memories, and literary narratives in shaping diametrically opposed attitudes toward the state in Russia and Serbia. The emphasis on the unintended consequences of communist nationality policy highlights how these attitudes interacted with institutional factors, favoring different outcomes in 1991. The book's postscript examines how this explanation holds up in the light of Russia's annexation of Crimea.
