Dorothy, the Scarecrow, and Billina, the talking hen, encounter Valynn, Bortag, and magic apples which have been in limbo for one hundred years.

This first volume in Shanower's Oz series! Follow the new adventures of Dorothy, the Scarecrow, and Ozma as they race to save Oz from the Wicked Witch of the South.

Collects five of the author's previously published Oz stories, including "The Enchanted Apples of Oz," "The Secret Island of Oz," "The Ice King of Oz," "The Forgotten Forest of Oz," and "The Blue Witch of Oz," told in comic book format.

*Founded on and continuing the famous Oz stories of L. Frank Baum"--Title page verso.

What if Dorothy Gale wasn't the only person who went to see the Wizard of Oz? MGM's landmark 1939 movie The Wizard of Oz, starring Judy Garland, did not mark the beginning of adventures in Oz. Both before and since, dozens of tales have been told of the Marvellous Land of Oz, and its inhabitants such as the Scarecrow, the Tin Woodman, the Cowardly Lion, the Hungry Tiger and Jack Pumpkinhead. In this fascinating and wide-ranging book, Paul Simpson looks back at the Famous Forty - the original novels by L. Frank Baum and his successors which entranced generations of children with their wonderful world of munchkins, princesses and wicked witches. He examines the many ways in which the stories have been retold in movies - from the silent era to Disney's recent blockbuster Oz the Great and Powerful - and on television, featuring everyone from Tom & Jerry to trades union leaders. On stage, Oz has come to life in the many revivals of The Wizard of Oz musical and the worldwide reign of Elphaba in the smash hit Wicked. Celebrate the 75th anniversary of the world's best-loved film and the whole magical world of Oz with its vampires, muppets, dragons, living statues and so much more.

This is an encyclopedic work, arranged by broad categories and then by original authors, of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them. It includes book series that have continued under a deceased writer's real or pen name, undisguised offshoots issued under the new writer's name, posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer, unauthorized pastiches, and "biographies" of literary characters. The authors and works are entered under the following categories: Action and Adventure, Classics (16th Century and Earlier), Classics (19th Century), Classics (20th Century), Crime and Mystery, Espionage, Fantasy and Horror, Humor, Juveniles (19th Century), Juveniles (20th Century), Poets, Pulps, Romances, Science Fiction and Westerns. Each original author entry includes a short biography, a list of original works, and information on the pastiches based on the author's characters.

Eric Shanower's Oz series! Follow the new adventures of Dorothy, the Scarecrow, and Ozma as they race to save Oz from the Wicked Witch of the South.

A listing of recommended graphic novels currently available in the United States includes a black-and-white illustration of the cover, a suggested age rating, and a brief review.
