Ford Granada 2.9 V6 Engine & Gearbox. removed from a Granada about 10 years ago to build a trike project. Everything was working well when removed from the vehicle that's why we used it but plans change and time creeps up on you. the plan was to change it back to carbs for the look more than anything hence why the inlet manifold is off because my dad got a carb manifold to go on, the exhaust manifold is off because we was making a custom one to go on but still have the original manifolds and ...

Mechanically, the European Granada conformed to Ford convention, the initial range using the Ford Essex V4 unit in 2.0 L displacement, and the "Essex" V6 engine in 2.5 and 3.0 L capacities. German models employed a Ford Taunus V4 engine in 1.7 L displacement, or the 3.0L Essex V6, or, more commonly the "Cologne" V6 in 2.0, 2.3 or 2.6 L capacities.

Guild Online : Mk1 History - Ford Granada
Ford Granada The European Ford Granada is a large executive car which was manufactured by Ford Europe from 1972 until 1994. The original version was replaced in 1977 by a second generation model which was produced until 1985. The car was available as a four-door saloon, a five-door estate (Turnier) and a two-door fastback coupé.

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

A masterclass in media studies from the creator of Grange Hill, Brookside and Hollyoaks. Described in Parliament as 'excellent' by Ed Vaizey, The Parliamentary Under-Secretary of State for Culture, Media and Sport GRANGE HILL Swimming pool disasters. Drugs, and just say 'no'. Flying sausages. School like you'd never seen it before. BROOKSIDE Lesbian kisses. Bodies under patios. Exploding shops. Suburban life like you'd never seen it before. HOLLYOAKS Bad boys on bikes. Loveable geeks. Leggy blondes. Students like you'd never seen them before. PHIL REDMOND Three classic TV programmes. One TV genius. This is the behind-the-scenes story of how a working-class lad from the Liverpool suburbs went from living on a housing estate to buying one, and from comprehensive school dinners to lunch with the Queen. Along the way he learned a lot of lessons, broke all the rules, and changed television for ever.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

This book covers the entire history, life and times of the famous British high-performance engineering company, from its 1958 foundation by Mike Costin and Keith Duckworth, through its often-exciting and always fascinating evolution, to its expansion and worldwide success in both motorsport and high-performance road car production.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

The Rover 800 grew out of a pioneering collaboration between Rover in Britain and Honda in Japan during the 1980s. This book tells the story of how the two companies worked together to produce the Rover 800 and its cousin, the Honda Legend. For those who remember the big front-wheel-driver Rover with affection, this book sets out the full history looking at the design and development of all models: saloons, fastbacks and coupes; the Sterling in North America; contemporary aftermarket modifications; Police usage and export variants. There is a helpful chapter on buying an owning a Rover 800 and the book is illustrated with 250 colour and black & white photographs.

It was brash and it was loud - the 1980s put paid to the glumness of the '70s and nowhere was that more obvious than in the cars we drove, which took a quantum leap in durability, performance, equipment and style. They had to: Japanese quality and European design were luring away ever more customers. Features such as fuel injection, turbochargers, computer-controlled systems and four-wheel drive became commonplace. This was also the decade that brought us the people-carrier and the off-roader, new classes of car that radically reshaped family transport. Meanwhile, seatbelt-wearing became law, the M25 opened, speed cameras appeared and ram-raiding was the new motoring nemesis. Relive everything car-related in Britain in the 1980s with Giles Chapman.

Presents a history of sports cars from the earliest models, to the hot rods of the 1950s and 1960s, to contemporary styles
