Using a title he fled nearly two decades earlier, Nate once again becomes the Earl of Deverell, heir to the Duke of Hawthorne, in order to navigate the ins and outs of a Regency world. But planet Regelence--where young lords are supposed to remain pure until marriage--has a few surprises for Nate, not least of which is his attraction to Prince Aiden. A talented artist, Prince Aiden Townsend isn't interested in politics and the machinations of society gentlemen, and he adamantly rejects the idea of marriage and a consort. Aiden wants the freedom to pursue his art and determine his own future. But the arrival of the dashing and mysterious Deverell awakens feelings of passion and longing the young prince can't deny. As Nate uncovers a conspiracy reaching far beyond the stolen weapons, his future is irrevocably altered by the temptations of a life he never thought he could have. Drawn into the web of intrigue, Aiden is in danger of losing his life... and his heart.

The marriage game is afoot in this clever blend of My Fair Lady meets Pride and Prejudice with a twist! Edward Stanhope, the icy Duke of Thornfield, likes his life in a certain order. Give him a strong drink, a good book, and his dog for company, and he 's content. But when he goes to his library and finds a woman sitting in his chair, petting his dog, what starts as a request for her to leave quickly turns to a fiery battle of wits, leading to a steamy kiss that could ruin them both if they were caught. So of course, damn it all, that 's when Edward 's aunt walks in, and thereafter announces Miss Georgiana Bly is the future Duchess of Thornfield. Georgiana was content to be a spinster, spending her days reading and working to keep her family out of debt. But now her days are spent locked away with a growly duke, learning how to be the perfect duchess, and her nights spent fighting the undeniable attraction to a man who was never meant for her. As their wedding day approaches, the attraction between them burns hot and fierce, but is it enough to melt the duke 's chilly

Liam loves his life as a linguist and trader on the Rownt homeworld, but he has ignored his heart and sexual needs for years. After escaping the horrors of war, he wants a boring life. He won't risk letting anyone come too close because he won't risk letting anyone see his deeply submissive nature. For him, submission comes with pain. Life burned that lesson into his soul from a young age. This fear keeps him from noticing that the Rownt trader Ondry cares for him. Ondry may not understand humans, but he recognizes a wounded soul, and his need to protect Liam is quickly outpacing his common sense. They may have laws, culture, and incompatible genitalia in their way, but Ondry knows that he can find a way to overcome all that if he can just overcome the ghosts of Liam's past. Only then can he take possession of a man he has grown to respect.

Sex, love, and the end of the world. 1000 years after Earth has been devastated by a viral plague, the few survivors turn to genetic engineering and advanced robotics to ensure the future of the human race. But not everyone is happy with artificial life living amongst humans, least of all Peyton Chase, a doctor with a harrowing past. When he's 'gifted' a state-of-the-art companion that he can't send back, Peyton is far from pleased. She's sentient. She's sexy. She's everything he doesn't want complicating his life. He calls her Hell. She calls him a lot of inappropriate things, at least in her mind. Because there are rules to a relationship like theirs. Master and Slave. She's supposed to obey him in all things. But if that's true, why can't she stop meddling in his life? She's a mystery that Peyton needs to solve. But time is running out for Hell. The deadly truth of her origins is about to catch up with her ...and change the course of human civilization forever.
