This Book, Which Is A Compilation Of First Hand Inputs From The Environmental Experts, Is Being Put Forward To Fulfill The Much Needed Requirement Of The Mineral Industry. The Book In Its Seventeen Chapters Outlinesq Roles Of Executives In Environmental M

From the bestselling author of Blood and Money: A haunting true story of three people locked in a fierce struggle against time and the sea—and each other. In July 1973, Bob Tininenko; his wife, Linda; and his brother-in-law, Jim Fisher, set sail from Tacoma, Washington, on a thirty-one-foot trimaran down the West Coast to Costa Rica. The journey was expected to take a matter of weeks, but ten days into the cruise, the party encountered a freak storm off the coast of northern California. When gale-force winds and fifty-foot waves capsized their boat, the voyage became a nightmare. For seventy-two days, the trio was lost at sea. Challenged by nature and compromised by a bitter rivalry, their courage and will to live was put to the ultimate test. Jim, the owner and skipper of the boat, was a devout fundamentalist whose recognition of God ' s will in every event brought him into increasing conflict with his brother-in-law. As the two men battled to take control of a dire situation, Linda kept a secret that would lead to heartrending tragedy. A " hair-raising " (Houston Chronicle) account of shipwreck and survival and a searing portrait of faith without reason, Lost! is an unforgettable true story from " a writer of tremendous power and achievement " (Detroit Free Press).

Tells how clutches & transmissions work - gear, friction, & hydrostatic. Gives basics of service & repair of major types of drives, transmission, transaxles, & clutches used in compact equipment. Includes troubleshooting guides. It provides the reader with a list of skills & knowledge that should be learned with each chapter. CONTENTS: Basic principles, clutches, mechanical transmissions, hydrostatic transmissions, belt & chain drives, differentials, final drives, power take-offs, service & maintenance & troubleshooting.
